

WeatherTek

SEAM TAPE

All-Weather Seaming for Professionals

WeatherTek Seam Tape is a high-performance seaming tape engineered for the rigorous demands of modern construction. Designed with a proprietary cold-weather acrylic adhesive and a durable polyester backing, this next-generation tape delivers unmatched bonding strength—even in extreme temperatures. Whether you're sealing house wrap, rigid insulation, or vapor barriers, ensures lasting protection and easy application.

Key Features

UV & Temperature Stable

Performs from -22°F to 148°F.
Sticks in temps as low as -4°F.

Strong Acrylic Bond

Grips hard-to-stick surfaces

Flexible & Hand-Tearable

Applies easily, no tools needed.

Water Resistance

Seals out moisture and rain.

Ideal For:

- Seaming house wraps and weather-resistant barriers
- Sealing joints in rigid foam insulation and sheathing
- General-purpose air and moisture sealing applications

Sizes

48 mm x 50 yd.
72 mm x 50 yd.

Colors

- White
- (Printed available upon request)

Product Construction

Backing	PET film (1.5 mil) hand tearable
Adhesive	Acrylic (cold weather solvent acrylic)

Technical Data

Total Thickness	3.38 mils
Tensile	20 lbs./in.
Adhesion	70 oz./in.
Application temperature	-4°F to 105°F (-20°C to 40°C)
Service temperature	-22°F to 148°F (-30°C to 120°C)

WVTR ASTM 96 Desiccant method

US Perms	Ng/Pa-s-m2	g/m2-day	g/100 in2-day
0.012	0.686	0.083	0.0054

Storage & Use:

Store in original packaging, out of sunlight, in a cool, dry place. Use within 12 months. Apply only to clean, dry, contaminant-free surfaces. Performance may vary by application. Defective product will be replaced; no other warranties or liabilities apply.
